Optics 2019 | Chicago, USA

Plenary Talk

Engineering the Quantum Era: Breaking spectral barriers for photonics

Hon. Prof. Dr. Manijeh Razeghi
Center for Quantum Devices,
Northwestern University, United States

Northwestern University

Optics 2019 Conference

LexisConferences is pleased to welcome everyone to attend our forthcoming conference *11th International Conference on Lasers, Optics & Photonics* which is going to place during **October 07-09, 2019** in the *windy city of USA i.e. Chicago*. The meet will focus on the theme *"From Concepts to Devices"*

Optics2019 will provide right platform for the interaction between the experts around the world. The conference aims in gathering renowned scientists, professors and research professionals across the globe under one roof and organize a healthy discussion so that the researchers and authors can present their work at the conference. The conference will focus on wide range of sessions and Tracks which provides the participants and all the attendees with an opportunity to extend their information in the subject and interact with professionals within the field of Lasers, Optics and Photonics. The field of Lasers, Optics and Photonics have not only helped the development in different fields in science and technology but also contributed towards the improvement of the quality of human life to a great extent.

The global quantum cascade laser (QCL) market is expected to grow from USD 302.9 million in 2016 to USD 374.8 million by 2022 at a CAGR of 3.9% between 2017 and 2022. The report aims at estimating the market size and future growth potential of the QCL market supported packaging sort, operation mode, fabrication technology, and geographic analysis. The base year thought of for the study is 2016, and therefore the market size forecast is provided for the amount between 2017 and 2022.

Experts Advisory Board

Distinguished Speakers

Manijeh Razeghi
Walter P Murphy Professor and Director
Center for Quantum Devices
Northwestern University

Alex Kazemi
Boeing Associate Technical Fellow and
materials scientist
The Boeing Co

Douglas McCarter
Vice President
McCarter Machine Inc

Michelle R Stem
Complete Consulting Services, LLC
Senior Materials Researcher

BIOGRAPHY

BIOGRAPHY

Yutaka Fukuchi
Associate Professor
Tokyo University of Science

BIOGRAPHY

Gary Greenberg
CEO
Edge-3D, LLC

BIOGRAPHY

Simon Fafard
Broadcom Semiconductor
RD Engineering at Broadcom

BIOGRAPHY

Branislav Vlahovic
NASA University Research Center for
Aerospace Device
Director

Ephraim Suhir
Professor
Portland State University

BIOGRAPHY

Devki N Talwar
Distinguished University Professor
University of North Florida
